NOTE: WSMA dues payment includes \$25 for the Washington Medical Political Action Committee (WAMPAC), a 527 organization. 501(c)(3) organizations may jeopardize their tax exempt status by contributing financial support to political organizations like WAMPAC. If your dues are paid by a 501(c)(3) organization, or if you are personally opposed to contributing to WAMPAC, check this box to direct your allocation to the WSMA Foundation for Health Care Improvement, a 501(c)(3) corporation instead. Some organizations, such as public hospital districts or government entities, may be unable, under law, to contribute to either WAMPAC or the Foundation. Check this box if that applies to your organization and your full payment will be directed to the WSMA.

Dues and other contributions to WSMA and/or WAMPAC are not deductible as charitable contributions for federal income tax purposes.

In most cases, a portion of the medical association dues may be deductible for tax purposes as professional or business expenses. For your records, please note that the Revenue Reconciliation Act of 1993 states that association dues used for lobbying activities are not deductible as a business expense. Visit wsma.org/dues for the current non-deductible lobbying percentage rate. In addition, no portion of any dues paid to WAMPAC can be deducted as a business expense on your federal income tax return.

The WSMA Foundation is a 501(c)(3) corporation. Should you allocate \$25 to the WSMA Foundation, it is 100% tax deductible.
